

# 3P Weather-Resistant Document Protector

3P WEATHER-RESISTANT DOCUMENT PROTECTOR - 3P WEATHER-RESISTANT DOCUMENT PROTECTOR - 3P WEATHER-RESISTANT DOCUMENT PROTECTOR

**Now you can place your important documents in any location, quick and easy.**

- The 3P Document Protector measures 10" x 13", so standard 8-1/2" x 11" pages easily fit into them.
- They are made from a durable nylon/polyethylene laminate that provides superior moisture resistance and strength.
- They come standard with an integral easy open heavy-duty "zip-lock" closure, that allows the placement of documents inside the secure enclosure quickly and easily!
- They come with (2) stripes of super strong Duraco high bond adhesive tape on the back, allowing the enclosure to be easily placed on almost any substrate.
- The versatile 3P Document Protector can be placed in the vertical "portrait" position, or on horizontal "landscape" position, whatever works best in each application.

## Place and Protect

Caution/Safety signage for chemical tanks, valves and pumps. Works great on plastic, fiberglass, and metal tanks.

MSDS sheets can be located near all chemicals for quick easy reference.

Announcements, calendars, and safety procedures can be conveniently placed in offices, lunch rooms and common areas.

I.D. signs for first aid supplies, emergency eyewash units, evacuation instructions for fire drills, etc.

Maintenance Schedules for air compressors and any other machinery. Also works great for placing cautionary labeling near equipment.

Operating instructions/manuals can be located and stored safely and conveniently near any equipment, even on forklifts and other mobile equipment.

02-31960

02-31945
