

MRH Series Filter Housings

Multi-Cartridge

MRH Series Band Clamp Filter Housings are designed for commercial and industrial liquid filtration applications. These multi-cartridge filter housings allow for flow rates up to 200 GPM. Universal seal cups and compression plates allow for use of DOE, 222/Flat and 222/Fin style cartridges.

Features:

- Heavy Duty 304SS Construction
- Electropolish Interior & Exterior
- Easy Access Band Clamp Closure
- Welded on Mounting/Support Legs
- Gauge/Drain & Vent Ports Standard
- EPDM O-Ring
- Housings rated at 150 psi, 250°F
- Adjustable Top Plate with Spring Seal Assemblies

304SS Part #	# of Cartridges	Cartridge Length	In/Out	GPM - Depth Cartridge	GPM - Pleated Cartridge
